

# Armidale Dojo Fees

## Welcome to AMAI New England

The usual situation encountered in our dealings with service providers is a commercial one. This is not an accurate description of a traditional Dojo. Students' monthly fees are an entrance fee, allowing access to the Dojo from Monday to Saturday for all scheduled classes. Teaching is provided freely. Naturally the Dojo is here to assist you in developing a range of skills based around traditional martial art. The success of this organization shows that we do this to a very high level.
